"DEPART TO ARRIVE"

A MAJOR NEW W. GERMAN LESBIAN FILM

Join us in a celebration of gay culture at a benefit performance for Lambda Legal Defense and Education Fund --- gay lawyers working for gay rights.

Hear film director Alexandra von Grote and actress Gabriele Osburg introduce their new work and talk about their future plans for lesbian films. ~~Depart to Arrive~~ is the love story of Anna and Regine. Anna is a lesbian and Regine has been "straight" all her life. Their love story is told from hopeful beginning to bitter end, and back again to new beginnings. This subjective, and at times, even hallucinatory film, is an auspicious debut for its lesbian director Alexandra von Grote and its star, Gabriele Osburg, both of whom will be present at the screening. ~~Variety~~ magazine called Director von Grote "a new name to watch."
